

LAKE CARLOS AREA ASSOCIATION

SPRING 2010

NEWS and DUES

LCAA welcomes in an early spring and we look forward to the summer season. Our website, lakecarlos.org is a great resource for everyone on the lake to get up to date news of interest regarding Lake Carlos.

TENT CATERPILLARS (Worm Spraying)

Last year, Lake Carlos had isolated infestations of tent caterpillars. LCAA did not coordinate aerial spraying. Aerial spraying has not gone without objection by some lakeshore owners. **This year, we will not be doing aerial spraying.**

In the past, Luther Crest, Mount Carmel, Lake Carlos State Park, and many individual homeowners have contracted to have buildings and other structure areas sprayed by a ground service. LCAA welcomes the alternative application that landowners can do if they choose to.

Creepy Crawler Pest Control has agreed to give a discount to all LCAA members. The spray application rids the area of tent caterpillars, Asian beetles, and spiders. You are welcome to call if your lakeshore property is the target of tent caterpillar infestation.

Creepy Crawler Pest Control: 320-766-6565

If there is a widespread or intense worm invasion, residents are welcome to contact Benson Air Ag. Inc. (320-843-4300) to inquire about aerial spraying in your neighborhood. LCAA renewed its permit to allow lake residents to have the aerial service on Lake Carlos if they choose.

MEMBERSHIP DUES 2010

Your board is working hard to stay on top of issues and represent the interests of all property owners on Lake Carlos.

Please help by doing your part. Join your lake association by completing the form and sending in your check.

Your contribution is tax deductible.

Thank you for being a member!
